Re: Dual Enrollment

Dear Student and Parent,

As many of you may already know, our Dual Enrollment Program has been created to allow students to take college courses and earn postsecondary credit while completing high school graduation requirements. Lackawanna Trail offers several Dual Enrollment courses in English, Math, Science, and Social Studies. The courses involved in the program this year are A.P. English, Honors Calculus, Honors Anatomy & Physiology, and A.P. U.S. Government.

This letter is to inform you of changes in our Dual Enrollment Program. Each year the Lackawanna Trail School District is allotted money from the state that enables us help pay for a portion of a student's cost of a Dual Enrollment course. However, as you may know, the state budget has not been passed, therefore affecting our ability to help finance any portion of a student's desire to take part in our Dual Enrollment Program.

In an effort to help continue the success of the program, Keystone College is willing to still provide any student taking a Dual Enrollment course an opportunity to earn college credit for a reduced rate while in high school. They have set a rate of \$75/credit for any Dual Enrollment course offered at Lackawanna Trail. As a result, Honors Anatomy & Physiology and Honors Calculus will cost a total of \$300 each while AP English and AP U.S. Government will cost a total of \$225 each. In order for you to receive credit for the course, you need to maintain and earn at least a "C" average.

If interested, please stop by the Guidance Office in order to pick up your registration form. You will be able to register up until the 25th of September and payment for the course needs to be submitted to the Guidance Office on or before October 23rd.

If you have any questions or concerns, please feel free to contact me in the Guidance Office at 570-945-7202.

Sincerely,

Timothy R. Ronchi
Guidance Counselor
